Early Collection

Children settle into kindergarten at varying paces and it is important that we meet their individual needs to ensure a smooth and positive transition process.

We strongly recommend an earlier pick up time over the first couple of weeks to assist your child in becoming familiar and comfortable in the kindergarten environment. The 4year old sessions can be long for some children and your child may need time to adjust both physically and mentally.

Teachers will contact you if they feel your child would benefit from an early collection, so please ensure you have arrangements in place should this be necessary for your child.
